DEALER, hereinafter referred to as Seller, or you, or your; and PURCHASER, hereafter referred to as Purchaser, or I, agree to the following terms and conditions, to-wit:

1. Said motor vehicle, equipment and extras to be delivered on the date specified, or as soon thereafter as practicable, subject to delays on account of fires, strikes, accidents, your inability to procure delivery from factory, or to other casualties or circumstances beyond your control, time of delivery in any such event to be deemed extended correspondingly.

2. It is understood that the price of the vehicle ordered herein is the cash price and that if terms are desired that such price will be increased to the time selling price. If vehicle is sold and/or ordered on installment payments it is understood that the full time price must be paid. No change in the terms of this order after execution by the buyer can be made without written consent of the seller.

3. It is understood that the selling price of the motor vehicle ordered herein shall be the established selling price, including taxes, at the time of delivery and if such selling price is increased or decreased pending delivery, such increased or decreased price shall prevail.

4. Title to the motor vehicle ordered herein, and right to possession of the same shall remain in you until the entire purchase price is fully paid in cash. No check shall constitute payment unless and until it is paid by the bank on which it is drawn when first presented.

5. (a) If an encumbrance or contract balance on the used vehicle traded in should be more than the amount indicated on this order, I agree to pay you such excess in cash immediately upon demand, or at your option you may cancel this order, or you may add such excess to any conditional sales contract covering the motor vehicle ordered herein, with the same effect as though originally included therein. Should the amount of such pay-off be less than indicated on the order, such difference shall be applied to my conditional sales contract, if any, and otherwise paid to me in cash.

(b) I warrant that all taxes of every kind levied against the used vehicle traded in have been fully paid. Should any government agency levy or claim a tax lien or demand on or against such used motor vehicle, you may at your option, pay the same, and I agree to pay you the amount thereof immediately upon demand, or, you may add such amount to the conditional sales contract covering the motor vehicle ordered herein with the same effect as though originally included therein.

6. If the used vehicle traded in is registered or licensed in any place other than Oregon I agree to immediately secure Oregon registration for such vehicle and to pay any and all expenses and registration fees incidental thereto. Should you assume, or be put to, any expense in connection with such registration, I will pay you the amount thereof on demand or you may add the same to the conditional sales contract covering the motor vehicle herein with the same effect as though originally included therein.

7. If the used vehicle traded in is not delivered to you at the time this order is signed, or if, at the time of such delivery, the said vehicle and/or its tires and equipment is not in the same condition as when appraised, then it is agreed that such vehicle shall be reappraised by you as of the time of such delivery, and the trade-in allowance for such used vehicle shall be the amount of such reappraisal and I agree to pay the difference, if any, to you in cash.

8. It is understood that as a dealer you have procured or will procure any new motor vehicle ordered herein from the manufacturer, and therefore, should I fail to take delivery and pay for the vehicle ordered herein, you will be damaged in an amount not less than the difference between the cost of the vehicle to you and the amount I herein agree to pay for the same together with your expenses of obtaining this order.

9. (a) In case I fail to take delivery when notified or should I breach any of the terms of this order then you are authorized to retain the entire cash deposit which I have made on this order as liquidated damages for your expense and efforts in the matter.

(b) If I have traded in a used motor vehicle as a deposit on this order, upon my breach, you may, at your option, return to me such used vehicle and I agree to pay you all charges and expenses you have sustained in connection therewith, together with your additional damage sustained by reason of such breach, or you may retain and sell such vehicle and apply the reasonable value thereof on your damages sustained by my breach of this order, and I agree to pay you the difference, if any, in cash.

10. If a used vehicle is traded in on this order and sold by you, and thereafter this order is cancelled by reason of your inability to deliver, or for any other reason, you shall be entitled to deduct from the sales price received for such used motor vehicle, all expenses of repairs, refinishing, storage, taxes and 25% of such sales price as a selling commission, and the balance remaining, if any, shall be received by me in full settlement of all claims.

11. If I fail to perform all of the terms and conditions of this order, you may exercise any right or remedy given you by law in addition to all rights and remedies specified herein and all such rights and remedies shall be cumulative and may be exercised at your election.

12. If it is necessary for you to take legal action to enforce, protect or defend any of your rights under this order, I agree to pay such sum as attorney's fees as the court may deem reasonable.

13. It is understood that this order cannot be assigned by me without your written consent.

14. I agree to accept vehicle and tires subject to usage and wear resulting from the necessity of driving overland to point of delivery.

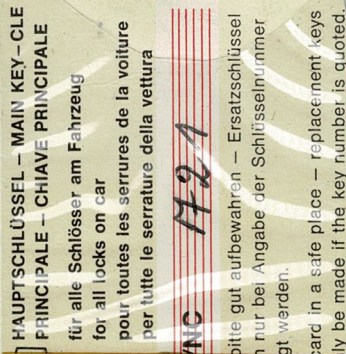

15. All used cars are sold "AS IS" without guarantee as to condition, mileage, year or model, unless written guarantee is given with car at time of sale.
