The Porsche Multi-Point Inspection Report

The Porsche Multi-Point Inspection Report is a series of thorough vehicle "health checks" performed by factory-trained Porsche technicians. It is designed to keep your Porsche operating in top condition and to minimize your chances of being inconvenienced on the road. If additional service is recommended on any listed item, your Porsche Service Advisor will be happy to speak with you about your options.

Glossary

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Odometer Rollback

If a more recent odometer reading is less than an older reading, then the odometer may have been tampered with and "rolled back." CARFAX analyzes the mileage history and the sources of this information to indicate a potential odometer rollback.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
