Porsche Cars North America

Manufacturer Voluntary Service Action issued

- Program #WKA0 RE-CODING INSTRUMENT CLUSTER IF NECESSARY

Click here or call 1-800-PORSCHE to locate an authorized Porsche dealer near you.

⊖ [Learn more about this campaign](#)

Description: For the 911 GT2 RS and 911 GT3 RS models from model year 2015 onwards, race track tires that are approved for use on public roads (e.g. Michelin Pilot Sport Cup 2 R tires) are available from the aftermarket. These require higher tire pressure than standard tyres.

If the tire pressure is too low, this can cause tire damage in the form of noises and tread separation while driving

Remedy: a customer letter must be sent to customers informing them that the tire pressure must be increased when fitting race track tires. Depending on the date of manufacture of the vehicle, the instrument cluster may also have to be re-coded so that the tire type - 20" track - can be selected in the "TPM" menu and the tire pressure is monitored correctly by the Tire Pressure Monitoring (TPM) system. A Driver's Manual Supplement containing the technical values for the tire pressures will only be available at a later date. As soon as it becomes available, this Supplement will have to be handed over to customers during a separate campaign.

10/22/2019

Porsche Cars North America

Manufacturer Voluntary Service Action issued

- Program #WKA5 CHECK WATER SPRAY SYSTEM RESERVOIR AND REPLACE FILL LEVEL SENSOR IF NECESSARY

Click here or call 1-800-PORSCHE to locate an authorized Porsche dealer near you.

⊖ [Learn more about this campaign](#)

Description: There is a possibility that the float for the water spray system fill level sensor can stick at both the lowest and very top position due to unfavorable component tolerances on the affected vehicles.

Glossary

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
